Provenance legend. This report separates three kinds of statement so the reader can weigh each. [RECORD] marks facts drawn from the government filings we captured, each with the link to the filing itself. [PRESS] marks facts reported in the press or otherwise beyond our filing record. [ASSESSMENT] marks our own read, offered as judgment rather than as fact.

Scope of this report

What this document covers, and what it does not.

[ASSESSMENT] This report covers Altamonte Springs, Anaheim, Atlanta, Bonita Springs, Central Florida Tourism Oversight District, Clark County, Kissimmee, Lake Buena Vista, Las Vegas, Miami-Dade County, Nashville, Oakland, Phoenix, San Antonio, South Florida, Walt Disney World for July 2026. It is drawn from 13 projects and 67 captured records. Of those projects, 12 are described in full, selected by significance; 1 project filed nothing in this period. 1 project whose every record has been dismissed is excluded entirely, because it has no filing to cite. A further 2 projects in this geography are excluded because our capture holds no published name for them; the coverage note says where. Anything outside that geography or period is not covered here.

Upcoming hearings and deadlines

Decision dates ahead, from the captured records.

No record in this scope carries a future decision date. Hearing dates are not currently extracted from agenda records, so this reflects our capture rather than the absence of scheduled hearings.

Watch list

Projects being watched in this scope, and what they did in the period.

No projects in this scope are on the watch list.

Coverage note

The limits of this document.

- [ASSESSMENT] Coverage is limited to Altamonte Springs, Anaheim, Atlanta, Bonita Springs, Central Florida Tourism Oversight District, Clark County, Kissimmee, Lake Buena Vista, Las Vegas, Miami-Dade County, Nashville, Oakland, Phoenix, San Antonio, South Florida, Walt Disney World. Projects outside it exist in our register and are not reported here.
- [ASSESSMENT] The period is July 2026. Activity outside it is not included even where it concerns the same project.
- [ASSESSMENT] Dormant projects are excluded from this report. None in this geography is dormant.
- [ASSESSMENT] This document describes the 15 most significant projects in scope. Every project in scope is described.
- [ASSESSMENT] 3 projects described above have a one-line description on our register that is not printed here. Those lines were written by a model reading the filings rather than quoted from one, so there is no document to cite for them and they are not offered as Philip's assessment either. The filings under each entry are unaffected.
- [ASSESSMENT] 2 projects in scope are not named in this document because our capture holds no published name for them - only the agenda line the matter was filed under, which is the instrument rather than the project. They are on the register and can be named by hand. By market: Phoenix (2).
- [ASSESSMENT] 1 further project in scope had no filing captured during July 2026, so it is not described in any category section. It remains on the register.
- [ASSESSMENT] 10 further filings on the projects described are in scope but not printed, because each project shows its most recent filings only.
- [ASSESSMENT] 14 records counted on the cover are the same filing captured more than once - a bilingual minute, or a document captured page by page - and are shown once above.
- [ASSESSMENT] 1 project in this geography holds no live record and is excluded: every record attached to it has been dismissed on review, so there is nothing to cite.
- [ASSESSMENT] Records are captured from published sources. A matter that has not been published, or that is published somewhere we do not yet capture, will not appear.
