PROJECT REFERRAL BRIEF

HEART HOTEL / SKYVUE SITE

JULY 2026

[CONFIDENTIAL REFERRAL]

Anchored on Clark County filings of record. Filing links fetch-verified.

Provenance legend. This brief separates three kinds of statement so the reader can weigh each. **[RECORD]** marks facts drawn from our captured government filings of record. **[PRESS]** marks facts reported in the press or otherwise beyond our filing record. **[JKR ASSESSMENT]** marks our own read, offered as judgment rather than as fact.

THE PROJECT

Heart Hotel is a proposed heart-shaped hotel and casino on the former SkyVue site, on the east side of Las Vegas Boulevard South directly across from Mandalay Bay. Our record provenance is a pair of Clark County entitlement filings by the applicant of record, Kulik River Capital, LLC, heard by the Clark County Zoning Commission on July 22, 2026. **[PRESS]** County commissioners approved the project unanimously that day.

[] Record provenance (our captured filings)

- **[RECORD]** UC-26-0219, Kulik River Capital, LLC. Holdover use permits to (1) expand the gaming enterprise district, (2) allow a resort hotel, and (3) allow a recreational facility; a waiver of development standards to allow non-standard improvements in the right-of-way; and design review for a proposed resort hotel and recreational facility on 11.95 acres in a Commercial Resort (CR) zone within the Airport Environs (AE-60) overlay, generally located east of Las Vegas Boulevard South and south of Mandalay Bay Road within Paradise. File 26-0219-072226, Clark County Zoning Commission, introduced 2026-07-09, on agenda 2026-07-22. Status in the record: Agenda Ready, for possible action. Link: <https://clark.legistar.com/gateway.aspx?M=1&ID=110426>
- **[RECORD]** TM-26-500056, Kulik River Capital, LLC. Holdover tentative map consisting of 1 commercial lot on the same 11.95 acres in the CR zone within the AE-60 overlay, at the same location. File 26-500056-072226, Clark County Zoning Commission, introduced 2026-07-09, on agenda 2026-07-22. Status in the record: Agenda Ready, for possible action. Link: <https://clark.legistar.com/gateway.aspx?M=1&ID=110427>
- **[RECORD]** Both filings carry the identical site: 11.95 acres, CR zone, AE-60 overlay, categorized in our stream as Hospitality/Tourism, Integrated Resort. As of our link check the Legistar matter history for both files shows no posted action (0 records), so the commission's vote is not yet reflected in the record; the approval below is press-sourced.

[] Design and program (press-reported)

- **[PRESS]** A 29-story tower with 752 rooms, described as a heart-shaped hotel and casino on roughly 12 acres across from Mandalay Bay.
- **[PRESS]** The tower's heart-shaped glass curtain wall is wrapped in a full-height LED display.
- **[PRESS]** Program includes more than 42,000 square feet of convention space, a gaming floor, and a covered pedestrian plaza built on the Fremont Street Experience model.
- **[PRESS]** A 265-foot sky restaurant is planned atop the reinforced columns left standing from the SkyVue project.
- **[PRESS]** The tower was reduced by 60 feet from an earlier 874-room scheme to satisfy FAA height compliance.
- **[PRESS]** The parcel was purchased in spring 2026 for 70 million dollars.

Note the alignment between record and press: the record's expansion of the gaming enterprise district, resort hotel, and recreational facility on 11.95 acres in a Commercial Resort zone across from Mandalay Bay is the entitlement basis for the press-described 752-room heart-shaped hotel-casino on roughly 12 acres.

THE PEOPLE

- **[RECORD]** Applicant of record: Kulik River Capital, LLC, named on both captured filings (UC-26-0219 and TM-26-500056).
 - **[PRESS]** Principal: Eli Applebaum, developer, acting through Kulik River Capital, LLC. Reported as president of High Desert, a Las Vegas real estate firm.
 - **[PRESS]** Representative and primary contact path: Nancy Amundsen of Brown, Brown and Premsrirut, Las Vegas, who presented the entitlement to the commission. Our filing record names no representative, so this contact path is press-sourced.
 - **[PRESS]** Architect: Steelman Partners.
-

THE OPPORTUNITY

- [JKR ASSESSMENT] A full-height LED curtain wall on a 29-story Strip tower, combined with a covered plaza canopy, would be among the largest LED display packages entitled in Las Vegas since the Sphere.
- [JKR ASSESSMENT] The project is entitled but pre-financing and pre-design-package. That is precisely the window in which a large-scale LED specialist should be introduced to the developer and the architect, before scopes are let.
- [JKR ASSESSMENT] Recommended door: the land-use representative who carried the entitlement, as the warm path to the principal and the design team.

STATUS AND RISK

[JKR ASSESSMENT] This is an early-stage opportunity by definition. The county approval permits the design, but financing, construction permitting, and contractor selection all remain ahead, and the site carries a failed-project history from the never-completed SkyVue development that stalled on the same parcel. A referral now is a relationship-timing play into an entitled but unfinanced project, not a signed scope, and it should be weighed as such.
